M is for Money™ is a Kid's Guide to Financial Literacy. The books offer you an opportunity to explain rudimentary facts about money to your children and students.

In **Book 9, Giving Is Great**, Tessa and Benji learn the important concept of charity. The kids donate clothes, toys and money in support of charitable causes. They have come full circle with their money experiences.

They first learned what money is and how to earn or receive it. Now they learn the importance of giving it back to people in need.
